PROFILE

Accounting graduate (BSc, University of Ghana) working as Accountant / Administrator at Deseret School of Design. I combine finance and administration with practical web development and graphic design: I build tools that turn financial and operational data into clear reports, and I design the material that presents them.

EXPERIENCE

Accountant / Administrator — Present

Deseret School of Design, North Legon, Accra

- Manage day-to-day school administration, bookkeeping, financial reconciliation and financial reporting.
- Maintain and oversee the school's accounts, ensuring accuracy in budgeting, expense tracking and variance analysis.
- Bridge finance and technology by building internal tools, web apps and data-driven dashboards that streamline operations and financial tracking.

EDUCATION

BSc Accounting — 2021 – 2025

University of Ghana, Legon

WASSCE — 2015 – 2018

Oyoko Methodist Senior High School

LEADERSHIP

Financial Secretary — 2024 – 2025

University of Ghana

- Led budgeting, financial record keeping and resource allocation for organisation events.
- Ensured fiscal accountability by keeping clear ledgers and presenting periodic financial summaries to the executive board.

Organizing Secretary — 2023 – 2024

University of Ghana

- Directed planning and logistics for major campus events, conferences and student programmes.
